The City of Baker Schools is hosting a virtual informational and test prep workshop for parents and students. The workshop will provide parents with an overview of the LEAP 2025 state assessments and what to expect when students take the tests this spring. Teachers will present great information on how test prep looks in the classroom and effective tips and strategies that can be continued at home to prepare our students for success. Our goal is to ensure that parents and students have the resources and support to prepare for a successful test season.

For your virtual attendance and participation, your child will earn a field trip to one of the following: Global Wildlife, Main Event, or Top Golf. So, mark your calendars for **Tuesday, February 8, 2022** and plan to attend this great event!
